## CONCRETE OB

Heartland Footwear's ultimate companion for concrete work: **The Ultimate Concrete Overboot**. Say farewell to slips and slides with its heavy-duty tread, meticulously engineered to tackle any terrain while providing steadfast grip and stability. Built to endure the rigors of concrete work, our overboot is puncture and tear resistant, ensuring longevity even in the face of sharp objects and rough conditions. Crafted with 100% waterproof construction, our overboot keeps your feet dry and comfortable regardless of weather conditions and workplace hazards. Made from premium PVC, it's designed to last, offering worry-free use and peace of mind knowing that it can handle anything thrown its way. With its seamless one-piece molded design, the Concrete Overboot effortlessly conforms to your footwear, providing a snug and secure fit without any hassle. Its easy on and off functionality means less time spent gearing up and more time focused on the task at hand, streamlining your routine for maximum efficiency. Lighter than a quarter of other standard slush boots, our overboot offers superior protection without sacrificing agility or comfort, ensuring you stay nimble, comfortable, and dry throughout the day.

- Slip-resistant heavy duty tread
- Tear resistant
- 100% Waterproof
- Made with PVC for long-term worry free use
- One piece molded design that conforms to your shoe
- Easy on and off
